Forecast for Monday 20 Sep 2021

Weather: Clear overnight with perhaps a few low level mist and fog patches. Then a sunny start but cloud spreading east through the late morning and afternoon with the odd shower in the west, but still some sunny spells around. Becoming clear again through the evening.

Chance of cloud free mountain/hill tops above 800m: 100% at first falling to around 60% from the west during the late morning and afternoon. Chances improve again through the evening.

Visibility: Occasional or, especially in west, periods of cloud above 600-750m spreading east from late morning. Otherwise visibility very good or excellent, but less than a kilometre in any early low level mist and fog.

Met Office Aberdeen Meteorologist's View
Feeling cold on Munro summits.

Forecast for Tuesday 21 Sep 2021

Weather: Dry and clear then sunny spells on Tuesday morning. Cloud, above the summits, increasing from the west through the afternoon but it should remain dry. Cloud thickens in the west during the late afternoon and evening to bring patchy light rain.

Maximum wind: Southwesterly 10-15mph increasing 30-40mph during the afternoon and evening, with gusts around 55mph possible over the Plateau.

Chance of cloud free mountain/hill tops above 800m: Around 100% through much of the day, chances fall to around 60% in west during the late afternoon and evening.

Visibility: Occasional or periods of cloud above 600-750m developing in the west during the late afternoon and evening. Otherwise visibility, very good, falling to several kilometres in rain during the evening

Temperature: **Glens:** Around plus 5 or 6 at dawn rising to plus 18 Celsius by day
At 800m: Plus 10 or 11 Celsius
Freezing level: Above the summits
